

DYNAVOX® T10

featuring DynaVox Compass software

The BIGGEST thing about the DynaVox® T10... It's so small.

Just 1.9 lbs with an average thickness less than 3/4 of an inch, it's the smallest and most portable communication tablet of its kind. Carry it in your backpack, use the shoulder strap or handle, or mount it. It's easy to take with you wherever you go. The industry's first DEDICATED Speech-Generating Tablet.

So much POWER in such a slim package.

Your DynaVox T10 includes the world's most robust, researched-based communication software available today. DynaVox Compass goes a step beyond with intuitive supports, video supports, and even an industry-first complementary companion app for your iPad or Windows tablet!

Expertly engineered to accommodate your needs.

Your DynaVox T10 features a crystal-clear, high-definition display, ultra-sensitive touch screen, award-winning voice technology, and embedded speakers; all purpose-built with consideration of your particular needs.

Connected to myDynaVox.com.

myDynaVox is a seamless way to back-up, update, and personalize your DynaVox Compass solution. It's a great way for your entire communication team — therapists, educators, caregivers and loved ones — to connect to you, share communication pages and personalize settings.

Your **myDynaVox** account allows you to manage your communication pages and personal settings and connects you to the Cloud so that your therapist, caregiver, teachers and loved ones can give you the support you need.

DYNAVOX

The DynaVox Difference

At DynaVox, we believe our products are more than just hardware, software and technology – they are a person’s pathway to a world of expression. This belief inspires us to strive for excellence as we help you build a solid foundation for communication. Our dedication is evident in the support you receive from our Sales Consultants, Funding Specialists, Technical Support Representatives and many others. Your relationship with DynaVox is a partnership that we are privileged to share.

DynaCare™

DynaVox open (non-dedicated) devices are covered with a one year DynaCare Certified Guarantee. DynaVox dedicated devices are covered for two years by the DynaCare Certified Guarantee. With a DynaCare Extended Service Agreement, you can extend the original guarantee for up to a total of five years (including the original guarantee). Extended service contracts are available for purchase on a year-by-year basis, or in multi-year packages, offering you peace of mind that is priceless.

Comprehensive Support

Successful integration of DynaVox devices is dependent, not only on a user’s commitment to integration, but on the support they receive from DynaVox. We offer the most comprehensive network of sales, training, funding and technical support in the industry.

Training

DynaVox offers flexible training opportunities at a variety of levels and in a variety of formats to help communicators, professionals, parents and caregivers get the most out of communication and educational tools. Sessions are Online, On Location or On Demand and tailored to meet your needs and skills as you strengthen communication and enhance learning.
